PRESS RELEASE

HARDI appoints Homburg Belgium as new importer for the Belgian market

Soumagne – Nørre Alslev, 15 December 2025

Long-standing partners since 1985, JOSKIN DistriTECH and HARDI INTERNATIONAL have, by mutual agreement, decided to end their distribution agreement for the Belgian market. This decision marks the peaceful conclusion of a long and fruitful collaboration and is part of a strategic evolution sought by HARDI, which wishes to optimise its commercial organisation in Belgium.

HARDI has appointed HOMBURG Belgium as its new importer and distributor for the Belgian sprayer market, responsible for both the sales and service of HARDI sprayers, effective from 1 January 2026. JOSKIN DistriTECH and HARDI will cooperate closely to ensure a smooth and orderly transition to the new distribution set-up, in the best interests of dealers and end users.

JOSKIN DistriTECH would like to thank all Belgian dealers for their commitment over the decades to distributing HARDI sprayers.

JOSKIN DistriTECH and HARDI congratulate each other on these many years of fruitful cooperation and wish each other all the best for their future development.
